

## CLASS XI. Physics

(i) Flow of Fluids - Ideal Fluids, Principle of continuity  
Bernoulli's Theorem, Venturimeter.

\* Different types of Numericals

Based on Bernoulli's theorem,

\* Venturimeter

(ii) Elasticity: Elasticity, Hook's Law, young's modulus  
of elasticity, Bulk modulus of elasticity,

\* Different types of Numericals based on  
young's modulus of elasticity.

\* All NCERT Questions.

(iii) Flow of Heat  $\Rightarrow$  Different types of scale of  
temperature.. Conversion of  
temp.

\* All NCERT questions.
